offers real mcq practice examinations at the appropriate level for preparing for your final medical examinations this book features four practice papers each containing 60 questions in best of five and multiple choice format this allows you to test your knowledge and prepare for the examination

the present book aims to provide a thorough account of the type of questions asked in various competitive examinations conducted by upsc public sector organizations private sector companies etc and also in gate it covers almost all the important and relevant topics namely

multiple choice questions mcqs are a ubiquitous tool used in college classrooms yet

most instructors admit that they are not prepared to maximize the question s benefits learning and assessing with multiple choice questions in college classrooms is a comprehensive resource designed to enable instructors and their students to enhance student learning through the use of mcqs including chapters on writing questions assessment leveraging technology and much more this book will help instructors increase the benefits of a question type that is incredibly useful as both a learning and assessment tool in an education system seeking ways to improve student outcomes
